Dear E-Commerce (Online Shopping) Client

To help you in supplying us the correct product info to be able to populate your e-commerce site, please read through this content.

Quick Content: **Ask your developer to email you the Example Spreadsheet Format!**

Content: Please provide per page in MS WORD Document

Content loading: **We will only pre-load 30 products on the website although you will be able to load unlimited products yourself. If you require us to load more than the 30 pre-loaded products we can do so at an additional cost of R40 per product.**

Images: Please provide in high quality in .jpg formats.

Please provide a list, identifying which products, pictures and content come together, so that we can upload the correct content to the correct product.

Social Media

Please provide all social media links, usernames and passwords so that we can synchronise it with your online store. You can always change the passwords later, once we have completed the setup.

Email Campaigns

Are you sending out newsletters to your clients, if not please register with <https://www.mailchimp.com/> and send us the username and password, so that we can synchronise here as well.

Should we need more information, we will be in contact with you via email for those requests (for instance front page adverts etc.). In the meantime, this should get us going. The faster you can provide us with all the information/content for the site, the faster we can get your website launched.
